

## Job canvas – Audit

### Job summary

Refine your accounting knowledge to become a natural problem-solver and best advise businesses on how to reduce financial risks. Provide stakeholders with confidence and trust in their financial statements – proving they are accurate and free from misinformation.

### Responsibilities

- Work closely with clients and colleagues to review NZ IFRS financial statements
- Review client controls and processes around financial information
- Report and work on behalf of the Auditor General
- Consider risks in relation to fraud
- Help businesses measure and report on their sustainability initiatives

### Team

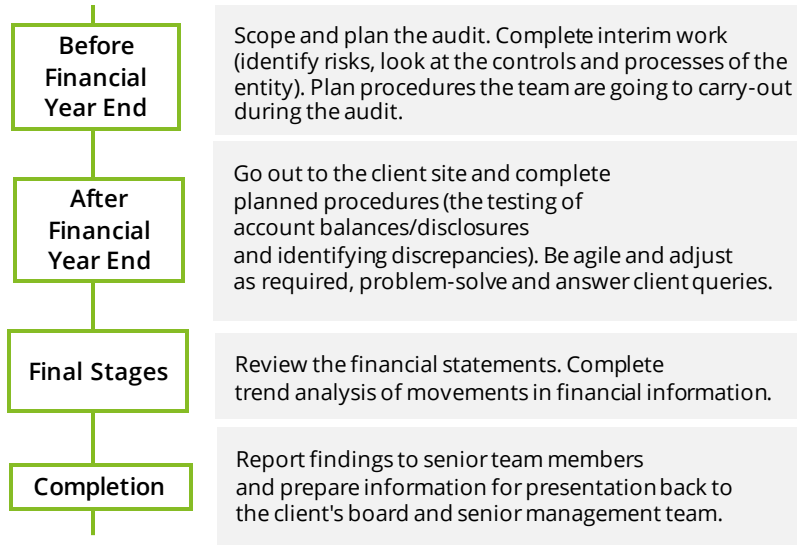

Assurance and Advisory are a large team across New Zealand comprising of almost 400 Accountants and senior finance professionals.

The team works in project groups of between 4-10 people depending on the client size. These change throughout the year, so you get to work with a range of likeminded people and learn from others.

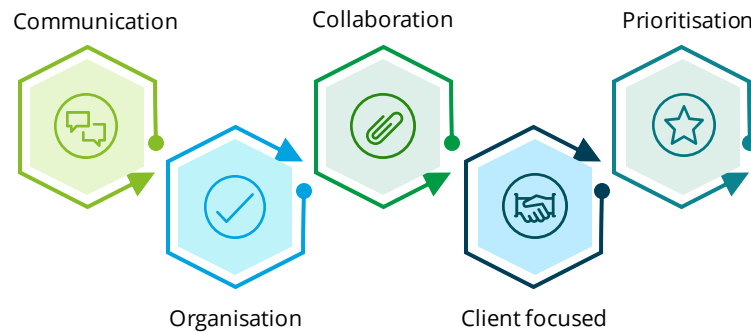

### How we invest in you

- Comprehensive 90-day induction plan and onboarding
- Individual buddy and coach to help you settle into working and shape your career
- Subsidised further education and study days

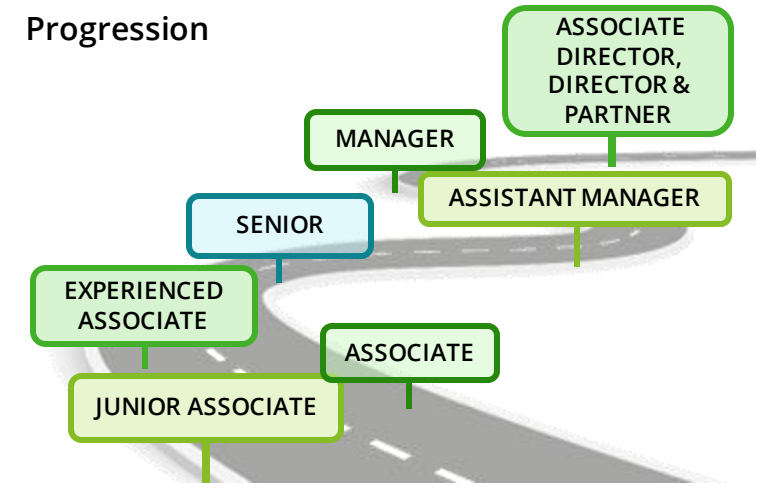

## Project overview

## Competencies

## Progression

<b>Experience</b>	No previous experience is required. Part-time positions or internships in accounting, finance, customer-service, retail and hospitality are beneficial.
<b>Education and Certifications</b>	Currently completing a Bachelor Degree majoring in Accounting or Finance, or another major which means you are eligible for CPA Australia or Chartered Accountancy.
<b>Technical Capabilities</b>	An analytical mind, detail-oriented, with a passion for accounting. You are able to work as a member of a team and communicate findings with stakeholders.
<b>Behavioural Anchors</b>	Adaptable and driven – you understand what it's like to overcome obstacles through tenacity and hard work. You are meticulous with processes and inquisitive to solve problems.
