

Job canvas – Corporate Finance

Job summary

Work as part of a team to deliver high quality commercial, financial and strategic advisory outcomes to clients seeking to navigate complex mergers & acquisitions (M&A) and financing transactions. As an Analyst, you will be a core part of the team leveraging your analytical skills to provide insightful and robust analysis, and will have direct client contact.

Responsibilities

As part of an engagement team, you will:

- Take responsibility for performing in-depth financial analysis of companies.
- Participate in engagement team and client discussions regarding the value drivers, opportunities and risks associated with a transaction.
- Contribute to reports which communicate insights to our clients and other stakeholders.

Team

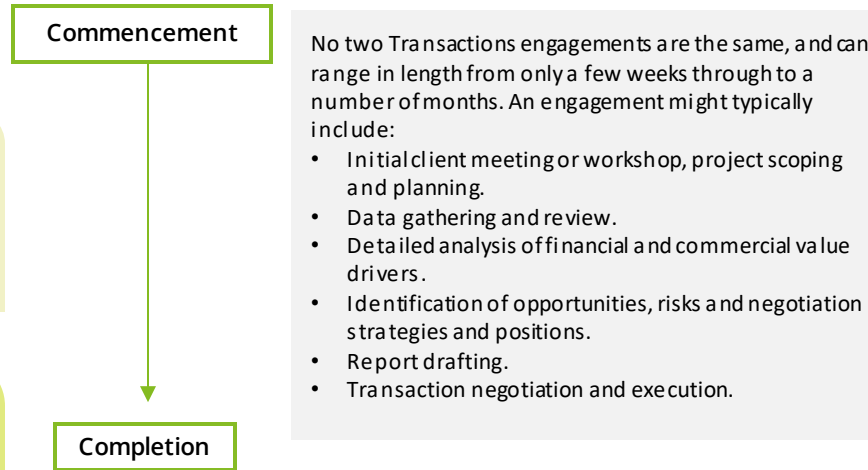

Our Transactions team is a highly skilled group offering comprehensive support in M&A advisory, financial due diligence, environmental social governance due diligence, debt advisory, valuation and modelling.

The team is spread nationally, and they deliver services to all industries and across a wide variety of client types, ranging from corporate and financial investors, individuals, through to private and listed companies.

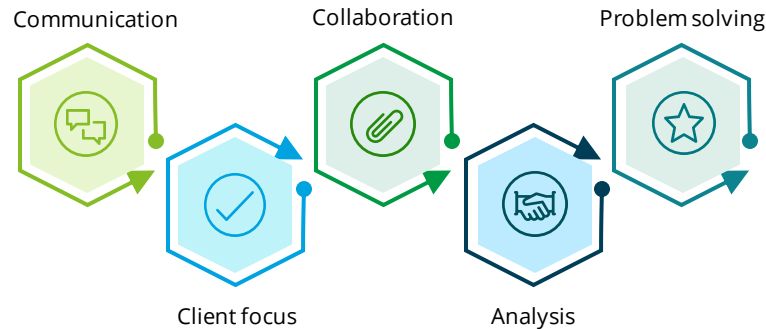

How we invest in you

- An initial 90-day induction plan to learn about the business and clients, along with ongoing support and mentorship
- Personalised Buddy and Coach to show you the ropes and guide your career
- Deloitte pay for ongoing education/study days including CFA, CA or Law Profs

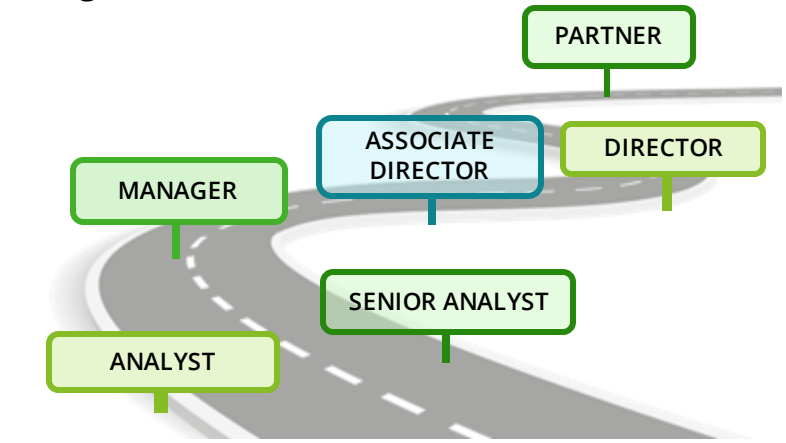

Project overview

Competencies

Progression

Experience

No previous experience is required. Internships with accounting or finance exposure, or part-time positions in customer-service, retail and hospitality are beneficial.

Education and Certifications

Currently completing a Bachelor Degree majoring in Finance, Accounting, Economics or another relevant major e.g. Data Analytics, Coding, Engineering, Law, Sciences.

Technical Capabilities

An analytical mind, detail-oriented, with a passion for quantitative and qualitative analysis.

Behavioural Anchors

Adaptable and driven – you understand what it's like to overcome obstacles through tenacity and hard work. You are meticulous with processes and inquisitive to solve problems.
