

Job canvas – Tax Job summary

Join a team that gives top-quality, practical tax solutions that make an impact that matters for our clients. If you're looking to build a career in tax, deepen your technical tax knowledge, interact with a variety of top-tier clients ranging from multinational corporations through to private businesses, as well as work in a high performing collaborative environment, the Tax team is for you.

Responsibilities

- Work directly with clients to navigate the complexities of tax
- Interpret, analyse and research technical tax issues
- Provide clients with expertise to help them create value and achieve their commercial objectives
- Gain experience and knowledge in a wide range of areas including Corporate Tax, Private Tax Advisory, International Tax, Tax Policy, Indirect Tax, M&A Tax and Transfer Pricing amongst others.

Team

On a day-to-day basis, you will be a part of the tax team working on projects alongside Partners, Managers, and Senior Consultants to achieve tax compliance, consulting, efficiency and understanding for clients.

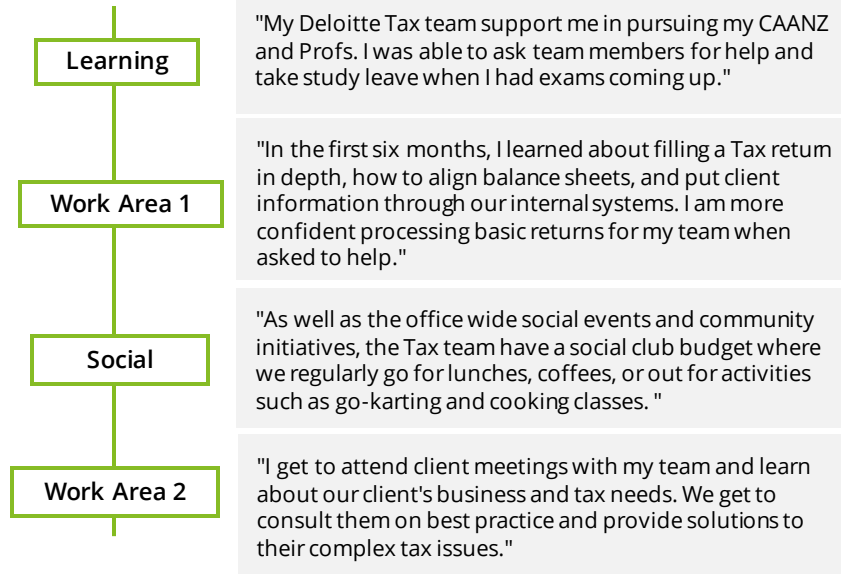

The tax team is predominantly made up of Accountants and Lawyers who are experts in their fields and enjoy teaching juniors how to navigate complex tax legislation and international tax laws.

Tax have a diverse client portfolio from small businesses and high net-worth individuals, to large international companies. Tax also work collaboratively on clients with other Deloitte Business Units such as Business Advisory, Financial Advisory Services, and Audit & Assurance.

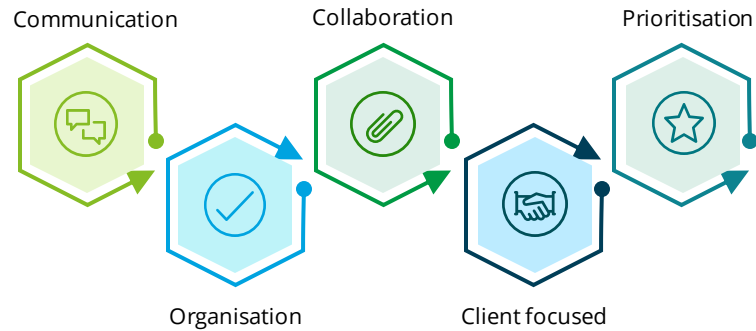

How we invest in you

- An initial induction plan - learn about the business and clients, along with ongoing support and mentorship
- Personalised Buddy and Coach to show you the ropes and guide your career
- Access to Deloitte's TaxSkills Diploma course, as well as monthly national tax training to keep our teams up to date with the latest changes and experiences
- Deloitte pay for ongoing education/study days

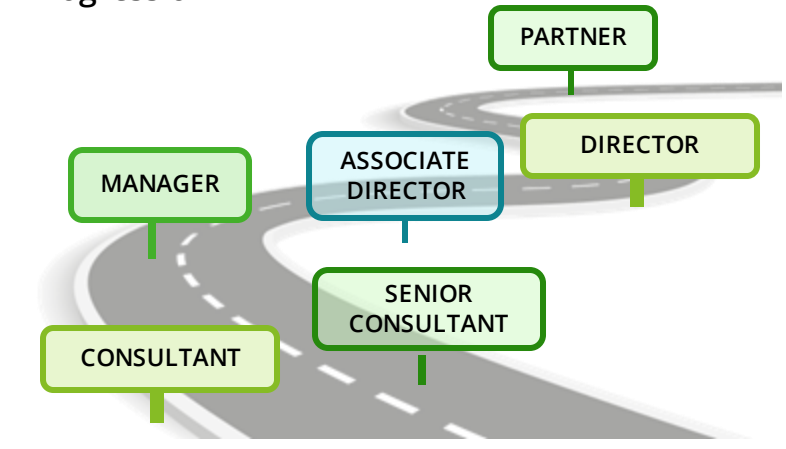

Role Overview

Competencies

Progression

Experience

No previous experience is required. Part-time positions or internships in accounting, finance, customer-service, retail and hospitality are beneficial, but not essential.

Education and Certifications

Currently completing any degree, with a passion for business and a genuine interest in a career in tax. A Commerce or Law degree can be advantageous, but is not essential. Eligibility to work towards Chartered Accountancy or CPA is common but not required.

Technical Capabilities

An analytical mind, detail-oriented, with a passion for accounting. Attention to detail and being comfortable with numbers.

Behavioural Anchors

A driven and intellectually curious person, who has great interpersonal and communication skills. Emotional intelligence to navigate between clients and competing priorities, and a willingness to work in a team.
