

Job canvas –

Technology, Operational and Regulatory Risk Graduate (TORR)

Job summary

We help our clients strengthen organisational performance and resilience by optimising governance, business and risk management practices. You will have the opportunity to work across each of the practices in **Internal Audit, Technology Risk, Financial Advisory and Environmental, Social and Governance (ESG)**.

Responsibilities

- Design innovative solutions to improve risk management capabilities that enable successful business outcomes.
- Help clients address regulatory requirements, providing Board members and Directors comfort that our clients are effectively managing their regulatory obligations.
- Support clients facing challenges from corporate governance, risk management, sustainability, and operational resilience.

Team

We are a large team across New Zealand comprising of almost 100 Consultants working across industries such as Financial Services, Energy & Infrastructure, Telecommunications, and Healthcare.

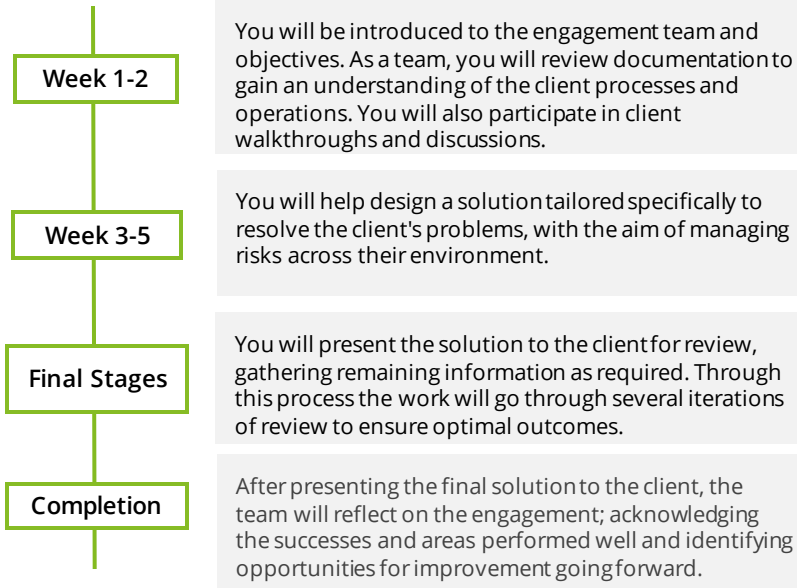

The team is led by 9 Partners, Aloysius Teh, Catherine Law (Business Unit Leader), David Sinkins, Reenesh Bhana, Rhys Hermansson, David Seath, Lisa Tai, Monika Wakeman and Nigel Annett.

How we invest in you

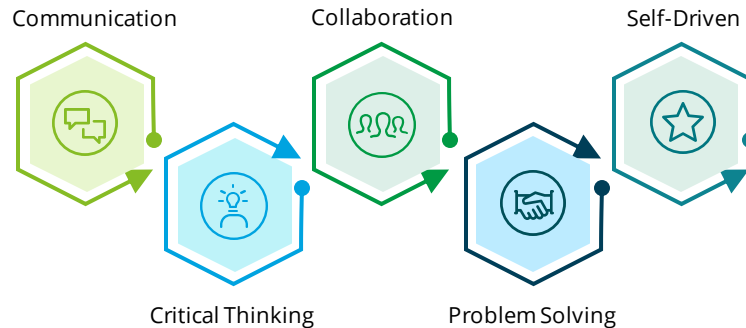

You will be assigned both a buddy and a career coach to support you through your career at Deloitte.

Pay for ongoing professional education/study days, trainings and qualifications.

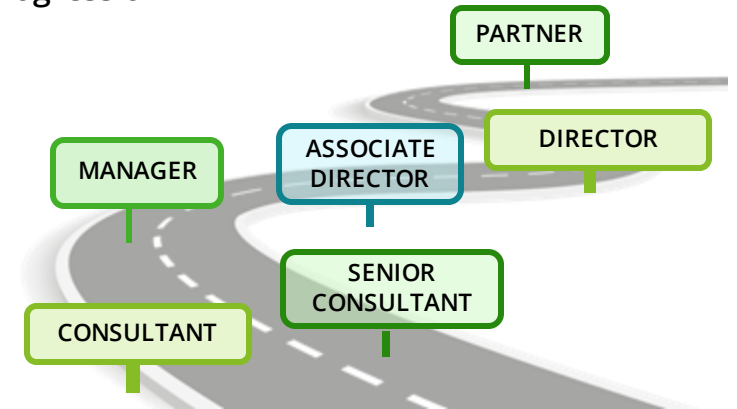

Project overview

Competencies

Progression
